# GARDENING & LANDSCAPING

## No work demands as much precision and feel as gardening & landscaping.

The grounds and surroundings must be shaped in such a way that they blend in with the local setting.

As often as not there are no drawings, and it's down to your feel and imagination to create graceful, elegant landscaping.

With an engcon tiltrotator fitted to your machine this task is simplified considerably, and many creations would be impossible without engcon.

### Savings spreadsheet

Type of excavator: Crawler

Work, type description	Price per hr. (approx.)	Time savings avg. value	Estimated savings	
			Per hour	Per year (1,800 hrs.)
Stripping	€	%	€	€
Levelling	€	%	€	€
Terracing	€	%	€	€
Grapple Operations	€	%	€	€
Handling & Sorting	€	%	€	€
Compacting	€	%	€	€
Brush clearance	€	%	€	€

## MAXIMIZES EXCAVATORS

With the tiltrotator you maximize your excavator and increase your profitability through: **Minimized manual labor, fewer machine movements, a more flexible machine, greater precision, greater safety when changing attachments, lower fuel consumption, less wear on the machine and a market-leading partner.** In short, the tiltrotator is a system that allows you to perform jobs that used to be impossible.
